

Math Word Problem

The number of each Arts Campus's T&T Supermarket equals 3. The number of each Engineering Campus's T&T Supermarket equals 4. **The number of each Science Park's Zion Market equals 1 more than each Arts Campus's T&T Supermarket.** The number of each Arts Campus's Seafood Supermarket equals the sum of each Science Park's Zion Market, Arts Campus's T&T Supermarket and each Arts Campus's Meat Market. **The number of each Arts Campus's Meat Market equals 4 times as much as each Science Park's Zion Market.** **How many Meat Market does Arts Campus have?**

Ground-Truth Solution

Define Arts Campus's T&T Supermarket as a ; so $a = 3$. Define Science Park's Zion Market as e ; so $e = a + 1 = 3 + 1 = 4$. Define Arts Campus's Meat Market as r ; so $r = e \times 4 = 4 \times 4 = 1$.
